About PainDrainer:

PainDrainer is a start-up company in Lund that aims to facilitate and improve the lives of millions of chronic pain patients.

The company has a total of eight employees, including consultants. We have our office in the recently inaugurated office building The Spark at Medicon Village in Lund.

Read more about us at: <https://www.paindrainer.com>.

We are now looking for a Front-end/App developer who will join us on this exiting journey and be part of a leading eHealth company.

About the role:

You will work in the development with:

- Xcode and Android studio for app development
- C# in Visual Studio for backend with connection to SQL and artificial neural network build in C# and Python
- Experience of Tensor-Flow
- MS SQL server experience with ENTITY Framework

We require the following skills:

- XCODE iOS developement
- Android Studio developement
- Angular, Bootstrap
- C# backend and ANN development

- TensorFlow some experience
- GIT
- SQL server experience
- CSS documented experience
- HTML documented experience

About you:

Senior dedicated developer with extensive experience.

Knowledge of accepted software engineering practices for the full software development lifecycle, including coding standards, code reviews, source control management, build processes, testing, and operations.

Very good knowledge about client-server programming, application integration, data modelling and GIT.

Ability to troubleshoot problems and provide timely resolutions.

Fluency in Swedish and English in writing and speaking.

Opportunity

In the PainDrainer team, you will be part of a highly competent and diverse team with an entrepreneurial mind-set and great ambitions. You will have a key role in the development team and will also work closely with other functions such as Sales & Marketing and Business Development. PainDrainer can offer you work in a small, non-bureaucratic environment with fast decision-making. We are striving to be in the front edge technically as well as in usability and you will have an opportunity to develop and grow with the job.

In this recruitment, continuous selection is applied. Warm welcome with your application via email to ingela.kronsell@paindrainer.com. Unfortunately, we are not able to receive questions via telephone but please email us.
